## Preamble

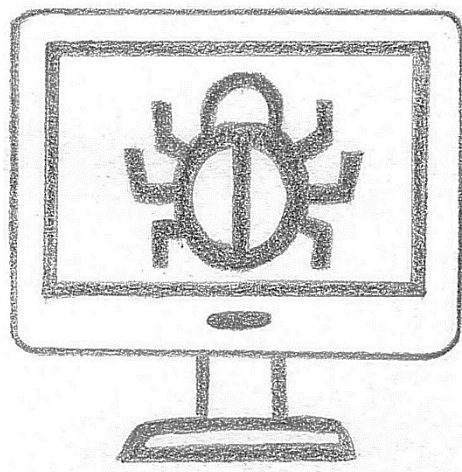

I produce this anthology having a wish and a hope. I wish for the patriotic American populace to know and understand the truth. The 2020 Election was stolen from 'We the People.' I am hoping that this knowledge will encourage and empower all American citizens to act. Together, we can preserve and protect our personal sovereignty with free and fair elections. Nevertheless, we fight-on, we fight-on in the spirit of our forefathers.

A nation can survive its fools and even the ambitious. But it cannot survive treason from within. For the traitor appears not a traitor – He speaks in the accents familiar to his victims, and he appeals to the baseness that lies deep in the hearts of all men. He rots the soul of a nation – he works secretly and unknown in the night to undermine the pillars of a [country] – he infects the body politic so that it can no longer resist. A murderer is less to be feared.

*~ Cicero*

Truth – Justice - Sovranty

The flood of money that gushes into politics today is a pollution of democracy.

~ Theodore White

## Chapter 15 Hoodwinked

ONE LIE  
is ENOUGH  
TO QUESTION  
all truths

### America has a two-party political system.

School teaches us that we have a democracy with a competitive two-party political system. That is NOT true. A single party governs America. I call it the Unamerican Uniparty or 'U-U.' The Uniparty is divided into a Red Wing and Blue Wing. The Red-Wingers call themselves Dumbos, a grand old party. The Blue-Wingers identify with a jackass, he-haw! Both political wings use fearmongering to raise money and drive voters to the polls – a mirage. The politicians foment division and split citizens into warring tribes. It's the age-old strategy of 'divide and conquer.'

### The American political party system works for me.

Don't you be fooled? The 'U-U' doesn't have your back. They are not looking out for 'We the People.' These politicians focus on their power, purse, and prestige. The only way that this corrupt situation will change is if we starve both animals to death. Do not send your money or spend your time with the politicians of the 'U-U.' We need consequences to facilitate change. The only consequence for a Uniparty politician is an empty pocketbook. The best bang for your buck is with the Lindell Legal Offense Fund. It works for me, you, and 'We the People.'

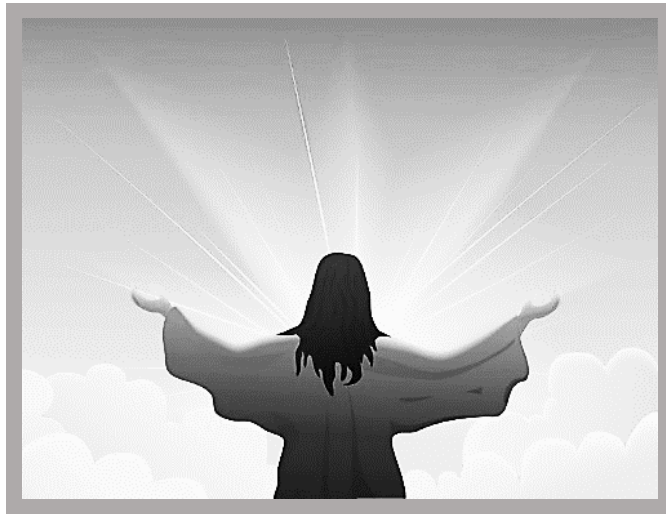

### The 'Big Lie' is the 'Big Lie.'

The 2020 election results are a Big Fat Lie. Believe it or not. Revisit the previous chapters and reexamine the information. Ask questions, check the facts, make judgments, and then act. So, what is the truth? That question is reminiscent of a favorite movie. If one had to pick the five most famous words in film, they would be: "*You can't handle the truth.*" These words were spoken by Marine Colonel Nathan Jessup, played by Jack Nicholson. The scene takes place in the 1992 American legal drama, **A Few Good Men**. If you are someone reading this anthology, I hope you can manage the truth. Now, I wish for you to act on this information. Thank you.

So, if we lie to the government, it's a felony. But if they lie to us, it's politics.

~ Bill Murray

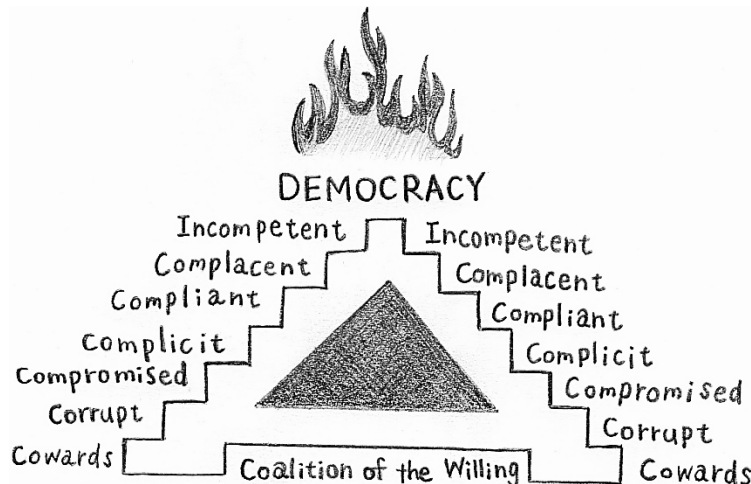

The truth will set you free.

*~ John 8:31*

## Chapter 16

### Cohort of the Willing

The phrase 'Cohort of the Willing' describes those citizens, witting or unwitting, that enable and facilitate the transformation of America from a democratic Republic into totalitarian Communism. The über-left radical Democrats exploit the Cohorts with the help of the Communist Chinese and the namby-pamby G.O.P. – Grand Old Pushovers. This cabal of Democrats, Republicans, and Maoists conduct their political treachery through the Unamerican Uniparty. The Uniparty propagandizes and manipulates the Cohorts for greater government authority and more personal money. The 'Cohort of the Willing' is composed of the following types of individuals.

## Chapter 17

### Fat-Cats & Dirty-Rats

In America, the Ruling Class is composed of the wealthy power elites from both Democratic and Republican constituencies. I term this nefarious network the Unamerican Uniparty or 'U-U.' The 'U-U' agenda is shielded by the intelligence community, federal bureaucracy, and the military hiding in the Deep State. Common sense individuals call this shady bog the Swamp. HAM, business titans, Big Tech, Pharma, legislators, and Maoists are collaborators. This evil cartel keeps its hold on the citizenry through corrupt political graft.

People of great wealth and prominence can be defined as Nabobs. We also call them fat-cats, muckety-mucks, pooh-bahs, tycoons, bigwigs, and dirty-rats. Nabobs are the wealth holders and power brokers of society. The middle-class and us ordinary folks are the opposite of the Nabobs and are termed Proletarians. We call ourselves Muricans, John and Jane Doers, deplorables, and patriots. When patriots speak of "them and they," we're talking about the greedy and corrupt Nabobs in the dark-dank slop and sludge of the Swamp. These narcissistic Nabobs are not patriots because they only deal in self-interest and not 'We the People.'

The motivation for the Nabobs is the ongoing acquisition of power, purse, and prestige. Taking and gaining is the human impulse of self-interest derived from the need for survival and the want of comfort. The striving to survive and attain comfort produces greed and power. It is a fundamental tendency of humankind. Still today, Nabobs take to gain control and comfort.

What is the end game? The goal of this syndicate of selfishness is plutocratic authoritarian globalism. P.A.G. is a one-world autocratic government similar to the European Union. Like the E.U., P.A.G. is when the few super-rich govern the many-many meager with absolute authority. To achieve this objective, the Nabobs need to diminish and degrade America.

The Nabobs must destroy the U. S. Constitution. More importantly, they must eliminate freedom of religion, free assembly and speech, and the right to bear arms. Look at their strategies. Their methods are a cancel-culture, politicizing police, open borders, censorship, debt, illegal voting, ID dox, intimidation, and hyperinflation. They mean to eliminate the American middle-class. Their tactic is to divide and conquer America by pitting citizens against citizens.

The Nabobs create conflict, crisis, and change through catastrophes like September 11<sup>th</sup>, the subprime mortgage debacle, and the Chinese Virus pandemic. The Nabobs enable and facilitate these evil societal distortions through their intellectual-moral pretense of sustainable government-sponsored programs. It is the want of a Nanny State with Big Brotherism. A grave problem is created having only a Big Brother solution—a government of narcissistic Nabobs.

Next, the Nabobs never let a good crisis go to waste because they are the creatures of crisis. That is how they dominate. Each national catastrophe gives them another opportunity to acquire more money and control. Crisis and conflict are the convenient means to divide the citizenry into warring tribes. Then the Nabobs step in to manage the emergency. Of course, this is a government ruled by a small, super-rich upper class – narcissistic Nabobs.

With a division of the people, the Nabobs divide and conquer to increase their power, purse, and prestige. To make matters much-much worse, the Nabobs employ the Chinese Communist Party. These *commies* are enthusiastic participants. The Maoists work for American economic demise, fraudulent elections, and internal strife. The communists seek U.S. constitutional irrelevancy, military ineffectiveness, and middle-class decline. Red China wants a transformation of the American democratic Republic into a plutocratic authoritarian state – COMMUNISM!

He cheats!

*~ Johnny Hooker*

## Chapter 23

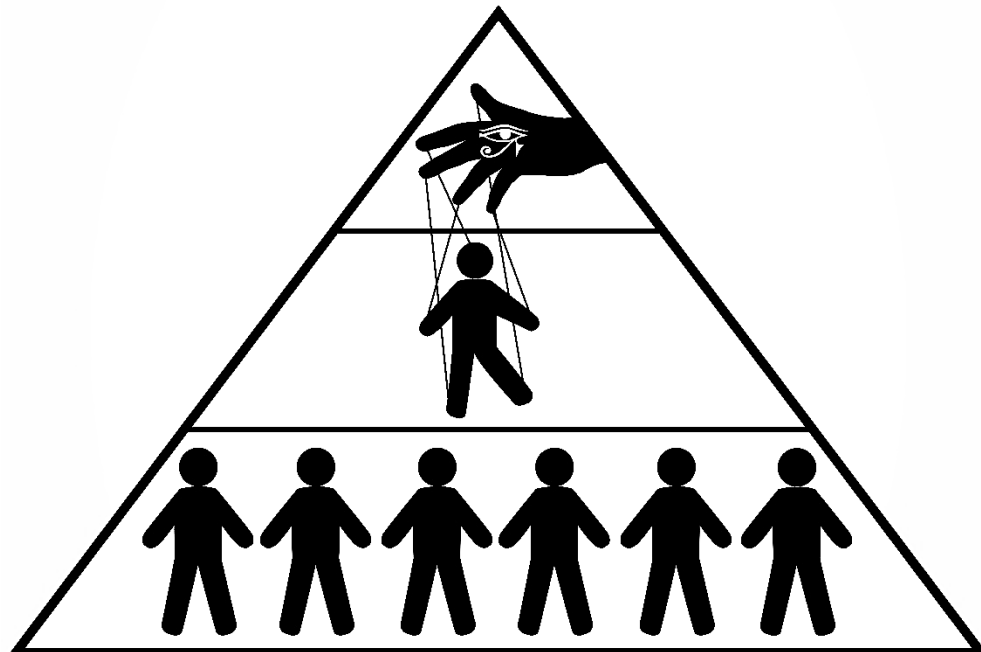

### Bondage-to-Bondage

In 1887, Alexander Tyler, a Scottish history professor at the University of Edinburgh, had this to say about the fall of the Athenian Republic some 2,000 years prior.

“A democracy is always a temporary nature; it simply cannot exist as a permanent form of government. A democracy will continue to exist up until the time that voters discover that they can vote themselves generous gifts from the public treasury. From that moment on, the majority always votes for the candidates who promise the most benefits from the public treasury, with the result that every democracy will finally collapse over loose fiscal policy, (which is) always followed by a dictatorship.

The average age of the world’s greatest civilizations from the beginning of history, has been about 200 years. During those 200 years, these nations always progressed through the following sequence:

- From bondage to spiritual faith –
- From spiritual faith to great courage –
- From courage to sovranty –
- From sovranty to abundance –
- From abundance to complacency –
- From complacency to apathy –
- From apathy to dependence –
- From dependence back into bondage.”

Wheel of Fortune

## Chapter 25

### Sovranty

According to the Tyler Hypothesis, American democracy is in the throes of death. Currently, we are apathic citizens moving more and more onto government dependence. Next, we will have dictatorship and bondage. So now you, the American citizens, have been warned about the situation. The patriot populace of America must unite and act to Fix2020First. To do anything less means the loss of personal sovranity. Our sovranity means both liberty and freedom.

Liberty is an internal condition. It is the individual right and power to believe, act, and express oneself as one chooses. It is the personal condition of having the power to act and speak without restraints.

Freedom is a broader state of being. It is an external environment free to enjoy democratic political, social, and civil privileges. It means being free from dictations, commands, or confinement. Freedom is the ability to make individual choices free from external coercion or restriction.

Call to Action
